

## Lexmark C748 Family

### Vibrant color printing for midsize workgroups

The Lexmark C748 Family color laser printers deliver high-quality color printing and reliable performance. Easy-to-use features and solutions increase efficiency. Eco-friendly features make responsible printing easy.

### Features to optimize your work

**Easy brand matching:** Consistently match branded colors and print marketing collateral in-house with Lexmark Named Color Replacement.

**Intuitive color touch screen:** Operate your printer with ease and confidence using the 4.3-inch (10.9-cm) color touch screen that makes navigation smart and intuitive.

**Convenient updates:** Preview documents and change output settings such as two-sided printing directly at the device.

**Flexible input capacity:** With the optional 550-sheet drawers, specialty media drawer and 2,000-sheet high-capacity feeder, customize input options to meet your printing needs.

**Optional hard disk:** The optional hard disk increases productivity, reduces job waiting and includes on-printer form and file storage.

**Use less energy:** The instant warm-up fuser reduces energy consumption and delivers a time to first page as fast as 9 seconds in both black and color.

**Walk-up USB printing:** The front USB port allows for convenient walk-up printing of PDFs and many printable image file formats.

**Multiple media support:** Ultra-reliable paper feeding supports diverse media, including card stock, vinyl labels, banners and more.

### Robust high-quality color

Rely on Lexmark C748 color laser printers for the high-quality color printing essential to business. Speed and reliability mean minimal waiting and few interruptions. You consistently and quickly receive vibrant documents.

- ▶ Match corporate colors on marketing collateral and brand-sensitive text and graphics with Lexmark Named Color Replacement and PANTONE® calibration.
- ▶ The high-speed processor and Gigabit Ethernet networking mean fast data transfer and fast processing, even on complex color documents.
- ▶ Print quickly at speeds up to 35 ppm and a time to first page as fast as 9 seconds in both black and color.
- ▶ Lexmark high-yield cartridges let you print up to 12,000 pages per cartridge in black and 10,000 pages per cartridge in color.<sup>1</sup>

### Productivity made easy

The combination of easy-to-use features and reliable performance means business processes are intuitive and you are productive. Increase efficiency with workflow-enhancing solutions and shortcuts designed to reduce unnecessary printing and simplify processes.

- ▶ The easy-to-use 4.3-inch (10.9-cm) color touch screen provides audible feedback and tablet-like navigation to make device operation intuitive and simple.
- ▶ Expand input capacity with optional paper drawers that let you load multiple paper types and boost total input capacity up to 4,300 sheets.
- ▶ Create customized messages to provide helpful information such as helpdesk telephone numbers.
- ▶ Easily manage supplies through programmable alerts that automatically send reorder notifications.

### Sustainable by design

Environmentally friendly printing and energy-saving features make it easy to print responsibly. Use fewer raw materials with features that reduce the number of pages printed and free cartridge return and recycling programs.

- ▶ Use less electricity with Hibernate Mode, which reduces energy consumption to less than one watt and meets multiple energy management standards.
- ▶ Choose from multiple print settings that help reduce energy, paper and toner consumption using custom Eco-Settings.
- ▶ Cartridges are eligible for the Lexmark Cartridge Collection Program (LCCP), which offers a variety of free, easy return options designed for your business size and printing volume. For more information visit [www.lexmark.com/recycle](http://www.lexmark.com/recycle).<sup>2</sup>
- ▶ Reduce paper consumption by up to 50% and reduce your impact on the environment with two-sided printing.<sup>3</sup>

<sup>1</sup>"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. <sup>2</sup>Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. <sup>3</sup>"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. <sup>4</sup>7,000\*-page color (CMY) Toner Cartridges <sup>5</sup>10,000\*-page color High Yield Toner Cartridges (CMY) <sup>6</sup>12,000\*-page Black High Yield Toner Cartridge <sup>7</sup>\*Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798.
